Can edit and implement: *jQuery, JavaScript, PHP, ASP.NET, JSON*

CURRENT AND RECENT CLIENTS

- **Lytix** *September 2020 - Present*

Lytix provides fleet management technology to companies that employ drivers in the US and UK. As a part of their freelance design pool, I have designed and built an SPA as an interactive, stand-alone resource and created animations in AfterEffects for their website.

- **iTelecom** *2010 - Present*

iTelecom is a national telecom company based out of Los Angeles. I have been handling all of their design needs since 2010, including web, print, PowerPoint, social media and much more. View projects: [1](#) | [2](#) | [3](#) | [4](#) | [5](#)

- **PT Business Solutions** *April 2020 - Present*

PT Business Solutions is a new HR-type company based out of Pasadena, CA. I designed and built a new corporate website for them as well as a PowerPoint pitchdeck, flyers and business cards. View projects: [1](#) | [2](#)

- **HWH Mediation** *September 2020 - February 2021*

HWH Mediation is a new legal mediation firm located in NYC. I designed and built a new website and email template for them, as well as creating business cards and stationary. View projects: [1](#) | [2](#)

- **GREEN Institute at the University of Guyana** *July 2020 - Present*

The GREEN Institute at the University of Guyana was in dire need of a new website so I am designing and building a website for them on a volunteer basis. This website has some more complex features including donations, an advanced events calendar and specialized search for research papers. [View dev site](#) (work in progress)

- **Soteria** *November 2020 - Present*

Soteria is an HR company based in Pasadena, CA. I handle their non-website design work and have created a flyer and PowerPoint pitchdeck for them. [View pitchdeck](#)

- **Laird Fellowship at the University of Delaware** *2011 - Present*

The Laird Fellowship is a prestigious engineering grant. I designed/built their first website in 2011 and then redesigned it in 2020. I have also maintained their website throughout. [View website](#)

- **Stand Up! Girls** *June 2017 - Present*

Stand Up! Girls is a NYC-based non-profit that teaches teen girls to perform stand-up. I designed, built and continue to maintain their website, and have also created a PowerPoint pitchdeck for them. View projects: [1](#) | [2](#)

- **DSML Executive Search** *February 2013 - Present*

DSML is a Chicago-based executive search firm that works exclusively with European companies doing business in America. I have been responsible for all of their design and development since 2013, including multiple website redesigns and print work. [View website](#)
